

How to Zoom Video Call our Estate Manager

Anyone can use Zoom, you just need an email address. It is a convenient and easy-to-use way to remotely communicate with our Estate Managers via your computer, tablet or smartphone.

Step 1: Download Zoom

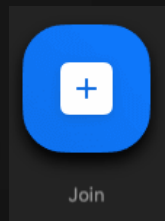

www.zoom.us/download

Step 2: Create an account or login

Create an account by verifying your date of birth and email address. Zoom will send you an e-mail, login to your e-mail and accept their invitation to join Zoom. You can then enter your name and preferred password.

Step 3: The Estate Manager will send you a video meeting link

Our estate manager will then send you a link in order to join a 'Zoom Meeting', click the link and Zoom will automatically open up the conversation. Or you can click "Join".

Step 4: You're all set!

Make sure your Audio and Video remains unchecked, otherwise no one will be able to interact with you. Enjoy your meeting.
